OBJECTIVE

Usefulness to God's people through exercising teaching gifts to help His people learn how to study the Bible for themselves.

SHORT STORY

In 2016, God gave me my precious wife, Jubilee. In 2018-2019, she went through a severe trial of her faith as well as a physical crisis. Receiving advice, I stopped seminary studies in order to focus on learning to shepherd my own wife through her valley. We were blessed with help from ACBC certified Faith Biblical Counseling Center and my wife's faith was strengthened. God is good and has restored my wife and our marriage as well as healing her physically to a great extent. We both pray that our Savior will use our suffering to encourage others who enter into trials and suffering. And may our story bring praise to the name of Jesus Christ.
